

GREEN SCREEN SERVICES

Choose Your Background

Save time and money. Shoot your next video on a Green Screen. Leverage modern technology to create a virtual world. Select from thousands of backgrounds or use artificial intelligence to create one from scratch. Videomax can shoot in the studio or at your business location. We provide the personnel and all equipment necessary at a reasonable flat rate price. We can help you write a script, create custom graphics and animate your company logo. Reach your target audience by posting engaging content on the web and social media platforms. Get maximum value with a Videomax Green Screen Package.
